Product Change Notice/
Product Recall Notice

1. Supplier Information OFS, 2000 Northeast Expressway, Norcross, GA 30071 Contact Product Engineer: Kelvin Bradley – (770) 798-3992 kbbradley@ofsoptics.com		2. Product Change/ Recall Notice No. 2008-0003-1 D	2a. Include on www.ofsoptics.com Yes																										
3. Issue Date of Change/Recall 02/06/2008	4. System & Product Description Change to 700A Stripping Tool																												
5. New Product ID See Item 12 below.	6. Old Product ID See Item 12 below.																												
7. Associated Products or Changes Affected See Item 12 below.																													
8. Drawing No. N/A	9. Product Change Classification D																												
10. Classification Substantiation Doesn't affect form or function																													
11. Reason(s) for Change/Recall Product being D/A & replaced																													
12. Description of Change/Recall <p>The (blue-handled) 700A Stripping Tool is shown in Figure 1. This tool is used to remove the cordage outer jacket, when terminating 1.6, 2.0, and 3.0-mm cordages. Ideal Industries, Inc., the manufacturer of the (blue-handled) 700A Tool, has discontinued the product; therefore, OFS Connectivity plans to immediately begin shipping the (yellow-handled) Ideal 45-120 T-Stripper, shown in Figure 2, as a replacement. To avoid confusion in the field, the replacement tools will have a note card attached, as shown in Figure 2. The note states “This tool replaces the blue-handled 700A Tool. Use the position marked “20 Stranded” or “18 Solid” to strip 1.6 – 3.0-mm cordage jackets”.</p> <p>This change affects the following comcodes:</p> <table border="0"> <thead> <tr> <th style="text-align: center;"><i>Comcode</i></th> <th style="text-align: center;"><i>Description</i></th> </tr> </thead> <tbody> <tr> <td></td> <td>700A Stripping Tool</td> </tr> <tr> <td>106705213</td> <td>1032B5 Tool Kit (OFS)</td> </tr> <tr> <td>106919012</td> <td>1032B6 Tool Kit (OFS)</td> </tr> <tr> <td>107149320</td> <td>1032F1 Tool Kit (OFS)</td> </tr> <tr> <td>700006026</td> <td>1032B5 Tool Kit (SYSTIMAX Solutions)</td> </tr> <tr> <td>700005960</td> <td>1032B6 Tool Kit (SYSTIMAX Solutions)</td> </tr> <tr> <td>700005929</td> <td>1032F1 Tool Kit (SYSTIMAX Solutions)</td> </tr> <tr> <td>700005838</td> <td>1032H Tool Kit (SYSTIMAX Solutions)</td> </tr> <tr> <td>FOT-KIT-TOL-SC/ST-EPX</td> <td>1032B5 Tool Kit (CommScope)</td> </tr> <tr> <td>FOT-KIT-TOL-SC/ST-JUMP</td> <td>1032F1 Tool Kit (CommScope)</td> </tr> <tr> <td>10062601</td> <td>1032B5 Tool Kit (BerkTek/Nexans)</td> </tr> <tr> <td>10062624</td> <td>1032F1 Tool Kit (BerkTek/Nexans)</td> </tr> </tbody> </table>				<i>Comcode</i>	<i>Description</i>		700A Stripping Tool	106705213	1032B5 Tool Kit (OFS)	106919012	1032B6 Tool Kit (OFS)	107149320	1032F1 Tool Kit (OFS)	700006026	1032B5 Tool Kit (SYSTIMAX Solutions)	700005960	1032B6 Tool Kit (SYSTIMAX Solutions)	700005929	1032F1 Tool Kit (SYSTIMAX Solutions)	700005838	1032H Tool Kit (SYSTIMAX Solutions)	FOT-KIT-TOL-SC/ST-EPX	1032B5 Tool Kit (CommScope)	FOT-KIT-TOL-SC/ST-JUMP	1032F1 Tool Kit (CommScope)	10062601	1032B5 Tool Kit (BerkTek/Nexans)	10062624	1032F1 Tool Kit (BerkTek/Nexans)
